

JX FILTRATION

Product Quality and Reputation is our first principle.

www.jxfiltration.com

Company Profile

Our Company

We specialize in designing, manufacturing, and selling various filtration equipment and providing comprehensive water treatment solutions to our clients.

Our Team

We have more than 10 professional engineers and 80 experienced workers and domestic distributors throughout 34 districts in China.

Our Products

Wedge Wire Screen, Bag Filter Housing, Self Cleaning Filter, Automatic Backwash Filter, Rotary Drum Filter, Screw Press, etc.

Our Customers

US, Canada, Indonesia, Malaysia, Thailand, Spain, Portugal, Italy, Norway, South Africa, Argentina, Chile, Ecuador, Russia, Nepal, etc.

Our Valued Customers

PT. PELITA CENGKARENG PAPER

NISSAN
MOTOR CORPORATION

BOXMARK®
Best in Leather Interior

CENTURY PAPER & BOARD MILLS LIMITED

الخليج للسكر
AL KHALEEJ SUGAR

الشركة السعودية للجيلاتين والكبسولات
Saudi Gelatin and Capsules Co

Cartridge Filter

Cartridge Filter

Slot Size: 0.1 microns - 20 microns

Treatment Capacity: 5-200 m³ / h

Application: high-precision solid-liquid separation

Note: dimensions, construction material, structure can all be customized.

Your trust is priceless!

Details of Finished Product: Cartridge Filter

Quality Certificate

No.: 43870061

Name	Automatic Scraper Filter	Model	JXS2-219
Qty	1 unit	Production date	2021-06-08
Testing items	Testing content	Testing standard	Result
Welding	Weld appearance quality inspection	GB150-1998	Qualified
Material	Steel [Appearance, chemical analysis, mechanical properties]	GB/T14976-94	Qualified
	Steel [Appearance, chemical analysis, mechanical properties]	GB12220-92	Qualified
	Casting [Appearance, chemical analysis]	GB12230-89	Qualified
Pressure test	Inner cylinder: 1.0MPa water pressure test, hold the pressure for 30 minutes.	GB150-1998	Qualified
Geometric dimensioning	Geometric dimensioning of housing	Made as per drawing	Qualified
	Connection location and size	Made as per drawing	Qualified
Appearance	Quality of sealing surface	Made as per drawing	Qualified
	Surface treatment of Housing	Made as per drawing	Qualified
Other	Logo & packing		Qualified
	Technical documents		Intact

Test result:

Conformance to Requirements

Pressure Test Report

Water pressure Air pressure Gas-tightness

Production code: JXBF202006

NO.: 43870061

Pressure Test Area	Whole Filter	Testing Date	2020-3-19	Technological process card number	08
Accuracy class of pressure gage	1.5	Mpa	0~1.6 Mpa	Testing date	2021.01
Pressure gage number	0304531	Care diameter of pressure gage(mm)	Φ60	Test fluid	Water
Chloride ion content (mg/L)	≤25	Ambient temperature (°C)	Normal temperature	Fluid temperature (°C)	Normal temperature

Result:

After the filter is tested with 1.25MPa water pressure, there is no leakage; no visible abnormal deformation; no abnormal sound; the test is qualified.

Our Services

Professional Pre-sale Service

1. Filtration method and equipment recommendation.
2. Free CAD or 3D drawing.
3. Equipment can be customized.

Complete Service During Sales

1. On-time delivery.
2. Equipment inspection by photo or video.
3. Secure and standard package.

After-Sale Service

1. Installation assistance by a phone call or video.
2. Free accessories for maintenance.
3. Engineer sent to solve the onsite problem.

Your trust is priceless!
